

GREENVILLE COUNTY HOUSING FORUM:

# The Intersection of Transit, Housing, & Land Use

**Tuesday, April 30, 8:00 - 11:30 am**

Hyatt Regency, 220 N. Main Street, Greenville, SC 29601

**Register at [Greenvillehousing-transit.eventbrite.com](http://Greenvillehousing-transit.eventbrite.com)**

Greenville County's growth is a boon to the economy, but new residents and visitors put stress on our roads and our ability to move people efficiently to the places they want to live and to go. How and where can transit work well in our area, and how does it connect with housing, land use, and overall development? Further, how can we encourage smarter land use decisions to better support expanded transit and mobility options?

Join **Christof Spieler, a nationally recognized expert on transit, land use, and planning**, for an informative discussion about what makes transit effective and how it could be used to benefit a growing Greenville County. Spieler will use maps of metro areas in the US to illustrate where transit works and where it doesn't. He will consider the growth of Atlanta, Charlotte, and Raleigh over the last few decades and how their past land use and transportation choices resulted in the commuting experience of today's residents and visitors.

The event will also feature a panel of local representatives who will discuss the challenges and opportunities for creating more options for ways to move and places to live in our area.

Attendance to the event is free, but registration is required and space is limited. Registration will close on Friday, April 26 at 5 pm. Breakfast will be served starting at 8 am, and the program will begin promptly at 8:30 am.

**Christof Spieler**
